G. HANUMANTA RAO,
For *President*.

MYSORE DISTRICT.

Dated 28th March 1908.

PROCLAMATION.

Under Section 8 (1) of the Mysore Municipal Regulation, VII of 1906, it is hereby announced that it is proposed to constitute the Nanjangud Town into a Municipality.

All persons who entertain any objection to the said proposal are requested to submit the same to the Deputy Commissioner of the Mysore District, with reasons therefor in writing, within two months from the date of the first publication of this proclamation in the *Mysore Gazette*. The boundaries of the town are as shown hereunder :—

The boundary line of the Nanjangud Town commences at the north-east corner of Revenue Survey No. 48 of Nanjangud village, follows the eastern boundaries of the same and Survey No. 49 up to the south-west corner of Survey No. 50, then turns to the east and passes along the southern boundaries of Survey Nos. 50 and 51. The line then skirts round the Survey No. 52 up to where it touches north-west corner of Survey No. 53, then skirting the eastern and southern boundaries of Survey No. 54, passes along the southern boundary of Survey No. 49 up to the survey number stone fixed just near the cross road leading to Parasurama temple. Here it crosses T.-Narsipur road and running along the eastern and southern boundaries of Survey No. 60, passes along the eastern boundary of Survey Nos. 71 and 72 up to the south-east corner of Survey No. 72, then it turns towards the north-west and passes along the southern boundaries of Survey Nos. 72, 70 and 69 up to the north-west corner of Survey No. 69. Here it crosses Chamrajnagar road and follows the western boundary of the reserve land of Chamrajnagar road up to Gundlu stream, then it turns to the west and runs along the right bank and southern boundary of Gundlu stream up to north-east corner of Survey No. 1146 where it crosses Gundlu stream and reaches the south-east corner of Survey No. 1335. The line then passing along the north-eastern boundary of Survey No. 1335, crosses the Hullahalli channel and reaches the south-east corner of Survey No. 1340. Running along the eastern boundaries of Survey Nos. 1340, 1341 the line turns to the west and passes through northern side of Survey No. 1341, up to where it reaches Nanjangud village limit in the north-west corner of Survey No. 1341. Then coming from south-east corner of Survey No. 346 of Chamalapur village, the line follows the southern boundary of the same up to the end of the same number and then crossing Survey No. 342 diagonally, reaches south-east corner of Survey No. 339.

From this corner the line following the southern boundary of Survey Nos. 339, 340, 334 [illegible] east corner of Survey No. 334, where it turns a little distance to the south, [illegible] west corner of Survey No. 331 along the southern boundary of the Survey No. 331 and crossing the Survey [illegible] in middle, reaches directly the boundary stone of

the town fixed in the western side on the Nilgiri road and at a distance of 110 yards from south-west corner of Survey No. 329 to north.

The line then passes in a northerly direction up to the north-western corner of Survey No. 48, leaving the Bangalore-Nilgiri road in the western margin. There it crosses the Bangalore-Nilgiri road and reaches the north-eastern corner stone of Survey No. 47, then crossing the cart-track to the Chamalapur Hundi, skirts round the north-west and north-east boundaries of Railway Station compound up to where it touches north-east corner of Railway Station compound.

Here the line crossing the Bangalore-Nilgiri road goes a little to the north-west from elephant gate (Ane Bagalu) "ಆನೆಬಾಗಲು" of Residency bungalow compound, then from south-eastern corner of Survey No. 12 following south-eastern boundaries of Survey Nos. 12 and 13 in a northerly direction, reaches the south-east corner stone of Survey No. 13.

Then the line runs along the right bank of Kapila river, with Kapila river in the north margin intersecting the Chamalapur and Nanjangud village limits at the north-western corner of Survey No. 4 and north-west corner of Survey No. 9, respectively and crosses the Gundlu river at the north-east corner of Survey No. 49, where the Gundlu stream joins the Kapila river.

Then reaching north-west corner of Survey No. 48 follows the northern boundary of the same number and closes at north-east corner of Survey No. 48 where the boundary commences.

M. KANTARAJ URS,
Dy. Comr.

TUMKUR TOWN MUNICIPALITY.

Dated 2nd March 1908.

1. A person who buys a building site from the Municipality takes it in order to erect thereon a dwelling for himself. He will not be competent to sell or otherwise dispose of it without the express permission of the President in writing.

2. The main building should be constructed with a basement not less than two feet high with floor of concrete or cement or Kadapa stone or flooring tiles, with roof of Mangalore tiles, or terraced and with doors and windows in sufficient number and of sufficient dimensions to allow free light and air.

3. The main building should be put in hand within two months from this date and the foundation should be brought up to the agreed height of plinth in another two months and the house itself completed within another eight months from then.

4. A ground plan of the proposed house will be forwarded to the President within 15 days from the date of the sale of the site.

5. Sufficient open space will be left all round the main building as may be required by the President and the necessary outhouses and latrines will be constructed on such portions of the site as may be pointed out by the President or by some officer of the Municipality as may be deputed by him.

6. The overcrowding of sites will not be permitted. The house and out-houses and latrines should not be extended nor can additional buildings be put up.

7. Seeing that the object of acquiring lands and alienating them to towns for extensions is often frustrated by overcrowding in allotted sites and by the construction of ill-lighted and ill-ventilated houses, of houses not sufficiently raised from the ground and of houses ill provided against rats in roof and floor, the purchaser shall scrupulously adhere to all the conditions herein.

8. Upon breach of any of the above conditions it shall be open to the President to resume the site upon a week's notice with all constructions thereon and to sell the site and constructions in a public sale or to anybody he likes. The purchaser will be entitled to receive the realizations by sale minus the costs incident to the sale. He will not be entitled to complain that the realizations are disproportionate to the expenses incurred by him. He will not be entitled to receive back the value of the site paid to the Municipality.

9. The President will be at liberty, for reasons to be explained by him in writing, to relax any of the above conditions provided that such relaxation does not interfere with the spirit of the condition.

10. Whether any case calls for the operation of the preceding clause would be solely for the President to judge.

11. In the case of those whose means would not allow of houses as described in para 2 *supra* other suitable specification will be imposed. As it is undesirable that houses affording little protection against the plague or other epidemic should stand near houses built at some cost in order to secure the needed protection the President will, in each case, select the locality and site. Sites for houses to be built according to para 2 *supra* will be indicated by the letter A and the other sites by the letter B.

K. DORASWAMI IYER,
President.
